Dear Isaac

Thank you for reaching out to us and for the call we had. It was wonderful to meet you. To respond to your questions:

1. The Africa Nature Risk pool is an initiative that is being spearheaded by AB and Zep Re to respond to the financing needs for emerging nature risks. The initiative is still in its early stages and we are yet to finalise the design of the pool. Once we have more information we will share.
2. For the Outcomes Bond, we are working with the Zoological Society of London and just like the risk pool, we are still in the very initial stages. The design stage is scheduled for this year after which we will have more clarity on the finer details such as the launch date etc.

Further updates will be shared on our socials but should you need more details, you could reach out to us.
We appreciate your interest in our work and the support you give AB on Linkedin.

Wishing you all the best.

Kind regards,

AB Entheos
Building resilience for Africa's prosperity.

Betty Chebet
Project Manager
